

SHEEP WAGON RETREAT On the Salmon River

Overlooks one of Lucile's most beautiful views of the Main Salmon River.

The bed is a queen-sized memory foam mattress, positioned above a large storage space for luggage. The Wagon is lit by two solar lanterns and candles for mood. For your night comfort a chamber pot is included. Main toilets and showers are located a short distance at the Haven.

In the compact space, the table slides out from beneath the bed. The perfect venue for early morning coffee (Costa Rica coffee beans and a hand grinder are provided) or tea (Lemon Balm Tea provided), a light lunch or an evening game of cribbage.

After a hike in the nearby mountains, a stroll up Cow Creek, Salmon or Steelhead fishing, or a raft or kayak trip down the Salmon River, you might want to return to the wagon to freshen up. A pitcher of water and guest soaps are provided. There are also large fluffy bath sheets provided, for trips to the Mavens' Haven swimming hole or the sauna. If you would like to sauna, let one of the apprentices know two hours ahead of time so that they can have it fired up and hot! The sauna and river access is located at the Haven, a half block from the rental.

Or perhaps you would prefer starting a little warming fire in the stove (small is the word here, as it takes very little to make the Wagon toasty warm). Perk a freshly ground pot of coffee or brew a cup of tea.

Mavens' Haven has a full kitchen for guests who wish to cook meals. The apprentices use the kitchen, as well, so please clean up afterwards. No one lives in the main building, it is a communal space and guests are welcome to make use of it. There are great spaces for reading and relaxing, there.

The orchard and gardens produce fresh vegetables most of the year. Guests are encouraged to help themselves when preparing meals ~ there are always fresh eggs in the refrigerator for your use.
